RESCRIPT PREPARED

FOR RUSSIAN ASSEMBLY

The Czar Hastens Preparations for Introducing Representative Government—Assembly Will Have Power of Veto.

St. Petersburg, Aug. 7th.—After months of preparation and anxious waiting, the rescript for the popular Assembly is almost ready for publication. The Emperor is to signalize the first birthday of the heir-apparent by summoning representatives of the people to Parliament. He has driven the work of the commission in order to have it finished by August 12th. The Assembly, by a two-thirds majority, can reject anything brought before it with no recourse whatever. This was the principal cause of delay by reactionaries. Papers here are now talking of a Russo-Japanese alliance. Russia is asking for a new internal loan of \$100,000,000.

WINNIPEG WON

St. Catharines, Aug. 7th.—The Winnipeg fours landed the senior and intermediate events at the big Canadian regatta. Rat Portage won second, in the junior event.

ANOTHER UPRISING

Berlin, Aug. 7th.—Another serious native uprising is reported in German East Africa. The German people are heartily sick of Colonial wars. The cause of native discontent is unexplained.

MANITOBA HAIL STORM

Arnaud, Man., Aug. 6th.—A terrific hail storm passed over this district yesterday. Hundreds of panes of glass were broken. Reports from outside show little damage, except to garden stuff, which is all down.

MANITOBA STUDENTS FELL DOWN

Winnipeg, Aug. 6th.—Spelling, a knowledge of English, and good penmanship, do not seem to be strong features with Manitoba students. About 3,500 wrote on the teacher's examinations and entrance. About 50 per cent. passed. In the higher grades the proportion is lower. This year, on all papers, a mark was deducted for every misspelled word, and the result showed that a special examination will have to be held for hundreds of students who passed in other matters. The writing of these future teachers is also nothing to boast of, and it will be made a special subject hereafter. Their knowledge of the English language also makes poor showing.

DIED AT HIS POST

New York, Aug. 6th.—Engineer Mooney rolled with his engine, down an embankment into New York bay and was drowned. Engine and man plunged out of sight into deep water, while a crowded excursion train was left all day full of panic-stricken passengers on a trestle above the bay. The engineer went to his death while setting the brakes. The fireman jumped.

COSSACKS AND STRIKERS

St. Petersburg, Aug. 6th.—A collision occurred between railway strikers and troops. One Cossack was killed, whereupon the troops fired, killing 30 and wounding 25.

STRATHCONA BLAZE

DAMAGED BUSINESS BLOCK

Building Occupied by Thompson's Drug Store Suffered Severely—Fire Supposed to Have Been Caused by the Sun

Strathcona had another fire late yesterday afternoon, when the upper storey of the building occupied by Geo. Thompson's drug store was destroyed, and the entire building more or less damaged by water.

The alarm was rung-in about 5:30, and the brigade succeeded in confining the fire to the upper floor and eventually extinguishing it. Mr. Thompson's drug stock was removed during the blaze, as a precautionary measure. The origin of the fire is not definitely known. The upper storey of the building was unoccupied, and there had been no fire in the building for some time. The blaze started on the upper floor, apparently near a solid brick wall, which separates it from the adjoining block, and the generally accepted theory is that it was caused by the hot sun shining on the tin roof igniting the building paper.

A picnic, under the auspices of the A. S. of E., will be held on the Presbyterian picnic grounds, Namas, on Thursday, Aug. 17th. An address will be delivered by W. J. Keen, and a ball game and other sports engaged in. Hot tea and coffee free to all.

MUSICAL EXAMINATIONS.

PROVINCIAL CONVENTION

WAS HIGHLY SUCCESSFUL

The First Provincial Liberal Convention drew a large assemblage of distinguished Albertans—Provincial Organization Formed and Platform adopted.

The Provincial Liberal convention held in Calgary on the 3rd inst., was one of the best meetings of its kind ever held in Canada. There was the greatest unanimity, and the spirit of the gathering speaks volumes for the success of the party in the approaching Provincial election.

The convention was composed of the most representative men that could probably be assembled in Alberta. The discussions were carried on in a way that does credit to the ability, courtesy and public spirit of the delegates. The different planks in the platform were carefully and thoroughly discussed, some of them amended in minor particulars, but when finally voted upon, were carried in every case without a dissenting voice.

One thing was quite evident from the meeting, that material from which to form a government for the Province of Alberta is by no means scarce, as very many of the delegates showed that they had a very clear grasp of the public necessities of the Province, and the watchword was, "Let us do the best we can for Alberta!"

The platform adopted lays down broad and comprehensive principles for the administration of affairs in the new province that will appeal to citizens interested in the welfare and progress of Alberta rather than simply the success of any political party.

The first session of the convention was held on Thursday morning, but the credential committee met on Wednesday evening and received the certificates from the delegates so as to have their report ready for the convention.

On Thursday the meeting was called to order by A. C. Rutherford, M.L.A., who moved that Dr. DeVoe be temporary chairman of the convention. He was unanimously elected, and C. A. Stewart was elected temporary secretary. The chairman explained the object of calling the convention and the plan upon which it was called. The committee on credentials then presented their report the delegates for each constituency being as follows:

They reported also that two sets of delegates were present from Red Deer and the committee were unable to decide which had the right to represent that constituency. The report was adopted and after some discussion the two sets of delegates from Red Deer were requested to meet a special committee composed of Messrs. W. C. Simmons, Malcolm McKenzie and H. A. Wallace, this committee's decision to be final.

A committee of resolutions was appointed as follows: W. F. Findlay, M.L.A., L. G. DeVoe, J. A. Wolf, R. A. Wallace, C. W. Fisher, J. A. Simpson, A. C. Rutherford, M. L. A., P. Burns and C. W. Cross. It was decided to have the committee on organization and nominations composed of one delegate from each constituency and the convention adjourned for a few minutes to permit each set of delegates to select their man. Upon the meeting being called to order again the different constituencies reported the following names as members of the organization and nominating committee:

Dr. DeVoe, Lethbridge.
W. F. Findlay, Medicine Hat.
W. C. Simmons, Cardston.
A. B. McDonald, Macleod.
A. Cameron, Pincher Creek.
R. A. Wallace, High River.
John A. McPherson, Stony Plain.
Dr. C. J. Stewart, Calgary.
J. A. McGregor, Gleichen.
D. C. Bayne, Banff.
Thos. McKercher, Rosebud.
H. Bowtell, Vermilion.
A. A. Carpenter, Innisfail.
W. F. Bredin, Athabasca.
W. B. McPherson, Lacombe.
W. R. Courtwright, Ponoka.
A. R. Dickson, Wetaskiwin.
Jas. Baker, Leduc.

K. W. McKenzie, Edmonton.
J. R. Boyle, Sturgeon.
F. A. Walker, Victoria.
A. Boudreau, St. Albert.
A. E. Clendenning, Peace River.

Communications were read from Hon. Frank Oliver and A. S. Ross, roll announcing their inability to be present at the convention.

The chairman asked delegates who had any questions of public policy which they wished brought before the convention to hand these in in the form of a resolution or recommendation and it would be referred to the committee on resolutions. A number of resolutions were handed to the secretary by several of the delegates.

The meeting then adjourned at 12.20 to allow the resolution committee to meet and report to the convention at 2 p.m.

The convention re-assembled at 3 p.m. The special committee re the Red Deer delegation reported that they could arrive at no satisfactory solution of the difficulty and recommended that neither delegation be seated. The recommendation was adopted without protest, several of the Red Deer delegation agreeing with it.

The report of the committee on nominations and organization was presented by Mr. W. C. Simmons as follows:

1st. That the Liberal Association for the Province of Alberta shall be composed of all Liberals of the province.

2nd. That the officers shall consist of four honorary presidents, a president, four vice presidents, one from each Dominion constituency, a secretary-treasurer, and an executive committee of twenty-five persons, one from each provincial constituency and the Liberal members of the Legislature.

ADDRESS ON THE NORTH

Following is the speech delivered by W. F. Bredin at the Liberal banquet at Calgary on Thursday of last week:

Mr. Chairman, Gentlemen—
After having been a frontiersman for twenty-eight years, and never having made a speech in my life, or even attended a banquet of this kind, you can imagine with what diffidence I now attempt to speak to you, after the eloquent addresses to which you have listened tonight.

Perhaps some of you know the story of the Englishman, who, meeting a Scotchman, asked "What would you rather be if you had not been born a Scotchman?" And Sandy, to be a good fellow, replied "I would rather be born an Englishman." Shortly after, Sandy asked the Englishman what he would rather be if he had not been born an Englishman, and George, to also be a good fellow, said he would rather be born a Scotchman. They both asked Pat what he would rather be if he had not been born an Irishman. Pat said, "Faith, if I hadn't been born an Irishman, I would be ashamed of myself." Well, gentlemen, that is the way I feel. I certainly would be ashamed of myself if I could not say, "I am a Liberal."

Surrounded as we are by good fellows and good cheer, one would be inclined, dead to all sense of appreciation if he did not feel happy in the thought that he was a Liberal. Counting among you from the north, and knowing, as I do, the great extent of our new Province, and particularly that part of it contained in Athabasca and Peace River, with its immense natural resources, I can assure you that north of the Athabasca River, there is a country infinitely more valuable than even the original province of Manitoba was. We have as much arable land as Manitoba. I want you to know that the gold medal wheat at Philadelphia in 1876 was not raised in Dakota, nor yet in Manitoba, or even in Saskatchewan, but that it was raised at Chipewyan, eight hundred miles north of where we are now. I also want you to know that Chipewyan is one hundred miles south of the northern boundary of Alberta.

Athabasca and Peace River districts have three hundred and fifty miles, from north to south, of coal lands; six hundred miles of oil-bearing country; six of the purest and best; invaluable and incalculable fish and fur wealth; timber for present and future requirements; natural gas, fifteen hundred miles of navigable rivers and lakes; and last, but not least, a superb, healthful climate. In conclusion, I must congratulate the Province of Alberta on having secured so valuable a heritage; and future generations will extol the genius and revere the names of Oliver and Taitot, who were instrumental in having Athabasca and Peace River joined to the Banner Province of the Canadian confederation.

DAILY EXPRESS IN DEC.

THE C.N.R. HERE THIS YEAR.

Laying Track at the Rate of Five Miles a Day—Train Running Through Lloydminster Last Week

Rev. G. E. Lloyd, of Lloydminster, is in the city on his way to Calgary to attend the synod. He speaks enthusiastically about the progress of the C. N. R. Last Wednesday evening, the first train, with Mr. McKee's car attached, came into Lloydminster. The steel was then laid some fifteen miles west of that town.

In conversation with Mr. M. H. McLeod, chief engineer of the road, the latter told Mr. Lloyd that the steel would be laid into Edmonton by December 1st and that a daily express train would be running into this city before the end of the present year. The engineer also said that they purposed putting on a night gang in laying the steel, so that from now on they will lay three miles during the day and two miles at night, making five miles in twenty-four hours.

Mr. Lloyd is confident that the chief engineer's statement will be fulfilled. He says you have to see the steel laying gangs to be convinced of the rapidity, with which they put down the track. In order to watch them work you have to keep walking at a fair rate to keep up. The track layers require fifty train loads of ties, rails and spikes to keep them at work one day.

Mr. Lloyd says the acreage of crop sown in the Lloydminster settlement is very much larger than last year and the promise for a large yield is very good. He has been down Prince Albert and Battleford way, and nowhere has he seen as good crops as those at Lloydminster except between Fort Saskatchewan and Edmonton. The country between here and Lloydminster is filling up rapidly. Every day brings its quota of homeseekers, and the towns are full of strange faces.

Wheel

Look inside your watch a moment. The balance wheel is making 18,000 vibrations an hour. If it is in good condition, it will move 3,600 times in a year and requires less than one tenth of a drop of oil to make it run. But, it needs that little badly. Don't take chances. The Cream Separator
that is the
Cheapest in the End.

There are some folks who are everlastingly trying to get "something for nothing." They buy a wagon at a "bargain" price because the agent says it's "just as good." And then, after a few months, when the tires and spokes have all loosened up, they cuss the wagon.

Price not the only Difference.

It's the same way with cream separators. You can buy many other separators for less money than the U. S. Cream Separator sells for, but before you've finished paying for the experiment you'll find price isn't the only difference. The cheaper separators soon get out of adjustment because built of cheaper material by inferior manufacturing methods; they consume twice the necessary amount of oil; they have a bowl that will not run true, and does not skim clean. The repairs in the first few years would pay the difference for the U. S. Cream Separator.

Durability is Important.

The U. S. Cream Separator has stood the test of time. Many of them have been in use for 10 years, and cost less than a dollar for repairs. They run easy, skim cleaner than others, have a simple bowl, enclosed gears, and a convenient low supply can.

The Vermont Farm Machine Co., of Bellows Falls, Vt., have printed in a handsome booklet a few of the thousands of letters from satisfied users of the U. S. Cream Separator. This booklet will save you money when you buy a separator, and a post card will bring it to you.

To insure prompt deliveries and to save freight charges for their Canadian customers, they ship from their warehouses at Montreal, Sherbrooke, Hamilton, Winnipeg, Calgary and Vancouver, but all letters should be addressed to Bellows Falls, Vt.

PROVINCIAL CONVENTION

Continued from page three

3rd, That the following persons be elected to these offices:

Honorary presidents—Hon. Frank Oliver, Peter Talbot, M.P., Dr. Stewart and Malcolm McKenzie.

President—A. C. Rutherford, M. L. A.

Vice presidents—C. W. Cross, A. B. McDonald, W. H. Cushing, and A. R. Dickson.

Secretary-Treasurer—C. A. Stewart, Calgary.

4th, That the delegates from the several provincial constituencies elect their respective representatives on the Provincial Liberal executive, and report the name to the secretary.

The report was taken up clause by clause and finally adopted as read.

Dr. Stewart presented the following resolution:

"Resolved that whereas at a convention of the Conservative party for the Territories held in the city of Moose Jaw on March 25, 1903, and called by R. L. Gordon, M.P., leader of the Conservative party in the Dominion of Canada, at the request of the leading Conservatives of the Territories, the following resolution was passed, viz.: Moved by Dr. Patrick, M.L.A., seconded by Dr. Shado, That in furtherance of the objects of this convention, or it resolved that Conservative candidates, as such, be placed in nomination in every constituency at the next general election of members of the Legislative Assembly of the North-West Territories, and kept in the field until the close of the polls."

"And whereas at the convention at which the said resolution was passed a Territorial Conservative Association was organized with the following officers:

Honorary president—F. W. G. Haultain, president, Thomas Tweed; first vice president, T. C. Spencer; second vice president, W. C. Ives; executive committee, W. B. Bennett, M. L. A., Dr. Creamer, G. M. Annable, M. L. A., and Thos. McKay, M. L. A.

"And whereas the said resolution has not been rescinded or disavowed and the said gentlemen have accepted and retained the offices to which they were then elected.

"Therefore, be it resolved that this convention of the Liberals of the Province of Alberta do hereby decide that Liberal candidates, as such, be placed in nomination in every constituency at the approaching Provincial elections for the new Provincial Legislature and kept in the field till the close of the polls."

The resolution was promptly seconded and unanimously adopted.

The report of the committee on resolutions was then presented and the different delegates who had presented the several resolutions embodied in it moved the adoption of each in turn, speaking to the motion. Every resolution was carefully discussed, and in some cases amended, and finally passed. The resolutions as adopted formed the platform of the Liberal party for Alberta as published in Saturday's Bulletin.

The following resolution was moved by C. W. Cross and seconded by D. H. McKinnon and was passed by a standing vote amid the enthusiastic cheers of the delegates: "Resolved that this convention of the Liberal party of the Province of Alberta extends its hearty congratulations to Rt. Hon. Sir Wilfrid Laurier upon his continued health and strength, upon the distinguished ability with which he has directed the public affairs of the Dominion of Canada since 1896, upon the wisdom of his policy and the unprecedented and uninterrupted success which has attended efforts made by him and his colleagues to give the country a sound and progressive administration, and that we hereby record our gratification at the splendid results which have been achieved by that administration throughout Canada generally, and particularly in the Northwest Territories, where wealth, industry and prosperity are advancing with increasing rapidity, where thousands from other lands are finding the opportunity to establish happy homes, where peace, contentment and harmony reign undisturbed, and where therefore the brightest future awaits the two great communities recently created into the Provinces of Alberta and Saskatchewan."

The convention then adjourned. A banquet was held in the evening, a report of which for lack of space is held over until tomorrow.

ROSS BROS. Limited, are the Sole Agents in Edmonton for the Celebrated

Peters' Pump

Peters' Double Cylinder Force Pumps

The annexed cut represents our Double Cylinder Force Pump. This is positively the easiest working and most durable pump on the market. Its capacity is far greater than any other pump; and for a stock pump it has no equal. This pump is constructed with two solid brass cylinders and, each one working independently, discharge their full capacity at every upward and downward stroke of the handle; therefore our pump will discharge twice as much water as any other pump with half the amount of labor. Its ease in operating is based on the fact that it has two rods, one on each side of the pipe, and the one balancing the other, overcomes all the hard labor in pumping water. A four-year-old child can easily operate the pump at a depth of 50 feet.

Its durability is far superior to any other pump for the following reasons:

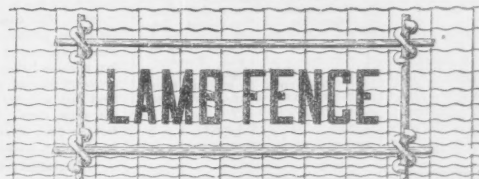

- 1 It has solid brass cylinders which do not wear out the leathers.
- 2 The cylinders being at the bottom of the well never lose their priming.
- 3 It has chilled valve seats which neither rust nor wear.
- 4 The leathers used for plungers and check valves is the very best obtainable.
- 5 It has no stuffing boxes.
- 6 The cylinders are stationary, working nothing but the plunger valves.
- 7 It having double the capacity of any other pump, requires but half the labor.
- 8 The pipes and rods used are all galvanized.

This pump can be fitted for six-inch bored wells with our special double cylinder.

We keep this pump in three different sizes as follows: 3 1/2 in. cylinders for 1-2 in. pipe, for stock wells up to 25 feet deep. 3 in. cylinders for 1 1/4 in. pipe, for stock wells up to 35 feet deep. 2 1/2 in. cylinder for 1 1/4 in. pipe, for stock wells up to 50 feet.

The capacity of our double cylinder pump is as follows: 3 1/2 in. double cylinders, 1300 Gal. per hour. 3 in. double cylinders, 1000 Gal. per hour. 2 1/2 in. double cylinder, 700 Gal. per hour.

In Woven Wire Fencing we handle the well known LAMB FENCING.

This Fence is made from the best hard steel galvanized wire, and is kept in 20, 30, and 40 rod rolls in sizes 24", 30", and 50" high. Any person can stretch this wire into place, and its staying qualities will withstand the greatest strain that can be brought against it. In its weaving it is expanded to its greatest tension, consequently it will not contract or expand on the posts. We also have it in ornamental style for front fences, gates to match.

Not expensive, though best in quality. Absolutely weather-proof, always ready for instant use. Requires no paint—nothing but a hammer to lay it. Tin caps, nails and cement for seams furnished without extra charge.

Write for illustrated booklet, gladly mailed upon request.

24 SECOND ST., SAN FRANCISCO, CAL.

OUR MALTHOID ROOFING

is giving splendid satisfaction wherever used.

It is easily put on. Is a sure water shedder, and anyone can put it on. No expensive tools needed, just a hammer, that's all, as the nails, caps and cement go with every roll. It is put up in rolls of two hundred square feet (2 squares to the roll) and we keep it in one and two ply. Some of the best buildings in Edmonton are covered with this roofing.

THE NEWS OF THE DAY

IN CONDENSED DESPATCHES

Brief items from many sources tell the story of the day's events.

KING WILL HANG

Ottawa, August 5.—At Friday's Cabinet meeting an order in council was passed allowing the law to take its course in the case of Charles King for the murder of Edward Hayward at Lesser Slave Lake last fall. King is in the Mounted Police guard room at Fort Saskatchewan and will be executed in one of the police buildings there on August 31.

HARVEST EXCURSION DATES.

Winnipeg, August 5.—General Passenger Agent McPherson, of the C. P. R. and Deputy Minister Black yesterday arranged the harvest excursion dates. The first from South Ontario leaves Toronto, August 22, North Ontario, August 29, last of Toronto dates later. Mr. Black estimates that 17,000 harvesters will be required. Of these Manitoba will want 13,000. This is much less than the number of former years.

GENERAL CLEANUP

New York, August 5.—On account of the damage to commercial interests and expecting that the yellow fever will get out of hand, this city and Louisiana have asked the Federal Government to take charge of the fight with the plague. The city's business will stop for a day, and all merchants with rigs will assist in the task of cleaning the city.

LINEVITCH COVERS VLADIVOSTOK.

London, August 5.—The Daily Telegraph's correspondent at Moji comments on the immense strength of Gen. Linevitch's command, including Vladivostok and the line of northern Korea. Such a line is unprecedented in warfare. The touting battle will be on such a gigantic scale as to decide the war once and for all.

LOCAL

—W. J. Hunter was elected councillor of Ft. Saskatchewan last week.

—It has been decided to not reopen the Strathcona schools until August 21 instead of August 14, as before stated.

—Buffet cars are now attached to the C. & E. trains, and it is said, the stops at Red Deer for lunch will be discontinued.

—Miss Montgomery, of Strathcona, has been appointed teacher in a new primary department to be opened in the Assembly Hall of the Grandin Street School.

—Strathcona Plaindealer.—The store lately occupied by Mr. Ed. Weber as a tailor shop, will shortly be opened by Miss Henderson as a millinery store.

—Wetaskiwin Times.—G. M. Mayberry is packing up the balance of his jewelry stock and leaves town next week for Lloydminster, where he will open a store.

—Mr. Thos. Clairhuc, of the Winnipeg Safe Works, came into the city Saturday. He came up to Lloydminster by the C.N.R. The steel was laid into that town a week ago, and has been coming this way since at the rate of three miles a day.

EDMONTON RIFLE ASSOCIATION

The heat of Saturday deterred a number of the local association from going to the range, although a number of the Strathconas were in attendance.

A light wind proved stronger than it gave evidence of, and the heat produced a mirage, particularly at the 600 yd. range, where the regular elevation for this range carried several shots over the targets, owing to their appearing higher than their correct position.
